ATULYA PRATAP SURYAVANSHI

Full Stack Developer

📞 +91 7985187015   @ atulyasuryavanshi6@gmail.com   📍 Noida, U.P

SUMMARY

I am a **proficient Full Stack Developer** with **2+ years of experience** in designing and developing **scalable, high-performance applications** using **Angular and Node.js**. I possess strong skills in database management with MongoDB and MySQL, alongside a solid understanding of TypeScript for developing scalable applications. Dedicated to maintaining high standards in coding practices and application performance, I am eager to contribute to innovative projects

EXPERIENCE

SDE (Full Stack Developer)

Ved Tech Solution

📅 09/2023 - 01/1970   📍 Noida

A company that focuses on providing comprehensive tech solutions

- Developed a comprehensive application to manage campaigns for the C-Pass service, ensuring smooth login flow, real-time message updates via WebSockets, and enhanced reporting capabilities
- Designed and implemented a secure login flow with authentication and authorization mechanisms, ensuring seamless user experience
- Improved campaign management module allowing users to create, update, and monitor campaigns efficiently
- Integrated WebSocket functionality for real-time message updates received via Kafka, optimizing communication for low latency and high responsiveness
- Enhanced the existing mail reporting system to provide detailed insights and analytics on campaign performance

EDUCATION

MCA

SCSE Galgotias University

📅 07/2020 - 06/2022   📍 Greater Noida

BCA

SCSE Microtek Group Of Institutions

📅 07/2017 - 06/2020   📍 Varanasi

STRENGTHS

⚡ **Full Stack Development**

Proficient Full Stack Developer with expertise in Angular, Node.js, and React, dedicated to delivering high-quality applications while optimizing performance

⭐ **Database Management**

Strong database management skills, including experience with MongoDB and MySQL for effective data handling

📈 **TypeScript Proficiency**

Expertise in TypeScript for building scalable web applications, enhancing code maintainability

KEY ACHIEVEMENTS

🚩 **Research Paper Publication**

Published a research paper on quantum algorithms in a prestigious environment, showcasing the ability to conduct significant research and contributing to the field of computer science

SKILLS

Node.js   Angular
